- Becoming a Team Player
- Dealing With Difficult People
- Delivering Great Customer Service
- Effective Communication
- Embracing Change at Work
- Frontline Leadership
- Handling Conflict at Work
- Prioritizing My Time
- Professionalism
- Using Your Strengths

Experienced Manager Certificate

A tailored development experience for seasoned supervisors to mid-managers, this program elevates skills and behaviors critical to supporting senior leadership in connecting and communicating business strategy back to the day-to-day. Fine-tuning leadership skills and behaviors helps to further engage, inspire, and drive teams and results forward.

Courses include:

- Coaching for Accelerated Performance
- Driving Change
- Dynamic Presentation Skills
- Emotional Intelligence
- Practical Problem-Solving
- Team Excellence

Mindful Leadership Certificate

Effective leaders are searching for new methods to navigate the volatile, complex and ambiguous nature of these unprecedented times. The name of the game has changed, and mindful leadership has emerged as the preferred leadership style.

Other available courses:

- Moving From Peer to Boss

DIVERSITY, EQUITY AND INCLUSION

Diversity is essential. But without equity, inclusion and a sense of belonging, it is meaningless and even counterproductive. Gain insight into your unconscious bias and the impact of micro-messages, and learn how to utilize your diverse experiences to become a more inclusive leader or employee. Not only will our programs help you succeed on the job, they will also benefit your everyday interactions.

You can take these courses as part of the certificate program or individually.

Certificate Programs

Inclusive Champion Certificate

The word “champion” comes from the Latin concept of *campionem*, or “fighter.” In today’s business world, a champion is a person who stands for an ideal and has the passion to engage others in working toward achieving that ideal in the workplace. Inclusive champions are important to organizations because they strive to personally model the values of inclusion and respect for all.

Courses include:

- Adapting Cross-Culturally With Emotional Intelligence
- Embracing Generational Diversity
- Understanding Unconscious Bias
- Valuing Differences — Our Uniquenesses

Inclusive Leadership Certificate

High-performing leaders know it takes a unique skill set to create authentic relationships with all people, no matter their race, gender, religion or other dimension of diversity.

Courses include:

- Adapting Cross-Culturally With Emotional Intelligence
- Embracing Generational Diversity
- Overcoming Conflict in a Diverse Workplace
- Inclusive Leadership
- Understanding Unconscious Bias
- Valuing Differences — Our Uniquenesses
- Women in Leadership

CORPORATE COLLEGE®
A DIVISION OF
CUYAHOGA COMMUNITY COLLEGE

This is the place for success.

LEAN SIX SIGMA

Lean Six Sigma (LSS) is a data-driven process that uses statistics, the DMAIC method, graphs and other tools to provide a framework for breakthrough performance improvement. The central idea behind LSS is that an organization can measure the “defects” in a process, then easily and systematically identify ways to eliminate them with the aim of reaching as close to zero defects as possible.

Our powerful blended-learning approach combines live instruction, virtual learning and online modules to create courses that are more effective, efficient and affordable than traditional training methods.

Certificate Programs

Champion/Executive Belt

For leaders who will direct the selection of continual improvement projects and serve as project champions.

White Belt

For those looking to gain a basic understanding of LSS.

Yellow Belt

For supervisors or team members who contribute process-specific subject matter expertise in order to improve the impact and success of a process improvement project.

Green Belt

For individuals selected by senior leadership to serve as facilitators of continual improvement projects.

Black Belt

Expert-level certification for those with the necessary skills to lead cross-functional project teams, assist senior leadership and provide technical assistance and training to Green Belts.

Approved for accreditation through the Council of Six Sigma Certification.

Programs and instructors meet the official industry standard for Lean Six Sigma.

Grade and Completion Policy: LSS Certification

Participants must complete all assigned course modules and utilize project coaching hours (where applicable) within 30 days of the final classroom session. Exams and projects must be completed within 60 days of the final classroom session.

LeanOhio

Corporate College is an official provider of LeanOhio Transforming the Public Sector Boot Camp program. The mission of LeanOhio is to make government services simpler, faster, better and less costly. Using continuous improvement methods such as Lean and Six Sigma, state agencies are cutting red tape, removing inefficiencies, improving customer service and achieving measurable results.

PROJECT MANAGEMENT

In today's competitive business climate, there is an increasing demand for cost savings and greater efficiencies, innovation and incorporating practices that bring value through higher production and better quality. With an expectation of increased ROI, collaborative, project-style work and change management have become key methods to drive results. But most organizations face challenges that lead to projects that fail to meet their objectives, despite being funded and managed by highly capable professionals.

The difference between project success and the inability to see projects through to successful completion is professionals who have the fundamental project management skills required to drive progress and deliver value.

You can take these courses as part of the certificate program or individually.

ACCOUNTING, FINANCE, TAX AND PAYROLL

The backbone of almost every business entity, accounting is key to high-level decision-making. Our courses are geared toward those seeking basic finance and accounting knowledge as well as those already working in the field.

Enrolled Agent Intensive Exam Prep

Enrolled agents are licensed by the federal government, have demonstrated special competence in tax matters and professional ethics, and can practice before the IRS anywhere in the United States. They may present cases at all levels of the IRS and represent clients, with or without their presence, on such matters as examination of a filed return, liability for a delinquent return, payment of a past due tax and submission of a federal tax lien.

Payroll

Corporate College and the American Payroll Association are pleased to present the PayTrain College and University® Program for payroll professionals at all skill levels. Whether you're new to the industry and need to learn the basics or an experienced professional preparing for the Fundamental Payroll Certification (FPC) or Certified Payroll Professional (CPP) exam, this program can help you meet your goals.

Courses include:

- Payroll Level I: Fundamental Payroll Certification (FPC)
- Payroll Level II: Certified Payroll Professional (CPP)

HEALTH INDUSTRY SOLUTIONS

Our fast track training options can help individuals enter the health care field, pursue continuing education or attain professional certifications. A variety of quality programs provide actionable learning resources like on-site health care simulation and skills labs to help you and your team succeed and thrive. Choose from instructor-led virtual and instructor-supported online classes.

Clinical Certificate Programs

State Tested Nursing Assistant

State-tested nursing assistants (STNAs) play a critical role within the health care industry. As members of the health care team, STNAs have the most direct contact with patients.

- State Tested Nursing Assistant (Accelerated)
- State Tested Nursing Assistant Training Program
- Train the Trainer: Become an STNA Instructor

Community Health Worker

A community health worker (CHW) is defined by the American Public Health Association as “a frontline public health worker who is a trusted member and/or has an unusually close understanding of the community served. This trusting relationship enables the worker to serve as a liaison/link/intermediary between health/social services and the community to facilitate access to services and improve the quality and cultural competence of service delivery.”

Non-Clinical Certificate Programs

Comprehensive Professional Medical Coding

Our comprehensive program utilizes American Academy of Professional Coders (AAPC) curriculum to prepare individuals for the Certified Professional Coder (CPC) examination. Upon successful completion of the program and passing of the CPC exam, students receive one-year access to the AAPC’s web-based Practicode tool.

- Comprehensive Professional Medical Coding (Online)
- Comprehensive Professional Medical Coding (Virtual)
- Comprehensive Professional Medical Coding (Hybrid)
- Comprehensive Professional Medical Coding Program (Classroom)
- CPC Exam Prep

Comprehensive Patient Access Specialist

The patient access specialist is often the first person a patient sees when they arrive at a hospital, doctor’s office or any medical admitting department. As the “face” of the health care organization, patient access specialists provide exceptional customer service to patients, family members and clinical teams. After successfully completing the program, students are eligible to sit for the Certified Healthcare Access Associate (CHAA) national exam.

- Comprehensive Patient Access Specialist (Virtual)
- Comprehensive Patient Access Specialist Program

Other available courses:

- Dental Assistant Radiography: Initial Training
- Dental Radiography: Radiation Protection Update
- Human Patient Simulation
