## University Partnerships/Articulation Agreements

Tri-C has strong partnerships with many four-year schools.

- ➡ Tri-C and its partner schools create articulation agreements and easy-to-follow transfer pathways that map out the courses to take students from an associate degree to a bachelor's degree.
- ➡ Agreements can include:
  - Specific major or program admission requirements
  - Detailed course equivalency information
  - Other benefits, such as special scholarship opportunities

## Dual Admission Partnerships

Dual Admission allows students to complete an associate degree at Tri-C while purposefully planning their transfer to a Tri-C Dual Admission partner school for bachelor's degree completion. Students apply and must be accepted to both schools under each school's admission requirements. In some instances, students may be able to enroll at both schools simultaneously: [www.tri-c.edu/dualadmission](http://www.tri-c.edu/dualadmission)

## Bachelor's Degree on a Tri-C Campus

**Did you know you can earn a bachelor's degree without leaving Tri-C?** Students can earn bachelor's degrees on a Tri-C campus or online. After completing an associate degree, students may be able to take additional Tri-C courses as part of their bachelor's degree program: [www.tri-c.edu/bachelordegree](http://www.tri-c.edu/bachelordegree)

## Ohio Guaranteed Transfer Pathways

As part of Ohio's Transfer to Degree Guarantee, we offer Ohio Guaranteed Transfer Pathways (OGTPs) that enable students to streamline credit transfer among the state's public schools of higher education. These transfer pathways confirm Tri-C courses meet major preparation requirements and credits will apply toward a bachelor's degree. “The Transfer Center has been a key part in my success in graduating from Tri-C and transferring to the University of Findlay. From the first day I set foot on the Metro Campus as a freshman in 2017, the Transfer Center has been an amazing resource for information, allowing me to make an informed decision on my future. In 2018, I found out that my desired major of athletic training was being raised from a bachelor’s degree requirement to a master’s degree. The transfer coaches worked hard to help me adjust my path. They scheduled external advising appointments with other schools, helped me send transcripts and plan my college visits. Now, I am enrolled at the University of Findlay, where I am studying strength and conditioning as an undergraduate and preparing to apply to graduate school for athletic training. I honestly wouldn’t have been here without the help of the Transfer Center.”
